

# Seize the Moment to Connect for Success

*What does it mean to you to be connected?* Through our unique Corporate Forum sessions, we will explore the role of connectivity in dentistry: via new digital technologies and synergies, via communications with referring specialists, and via our patients.

**1:00 PM**

## **Building a Sustainable Periodontal Practice**

*Speaker: Lauralee Nygaard, DDS*

Dr. Lauralee Nygaard's personal experience shapes this session, focusing on the connectivity of practice management, patient care, and technology's role in efficient treatment.

**2:00 PM**

## **Zirconia as a dental implant material - New opportunities for practice differentiation**

*Speaker: Stefan Roehling, DDS*

Connect to more patients as we focus on the scientific evidence and clinical application of the Straumann PURE Ceramic Implant and the opportunity it presents as a practice differentiator.

**3:00 PM**

## **Straumann® Pro Arch: More than a fixed rehabilitation. A reason to smile.**

*Speakers: Bradley S. McAllister, DDS, PhD and Steven Eckert, DDS*

Connecting edentulous patients to a treatment team that can deliver fixed, full arch restorations gives patients a new reason to smile. This session will explore how proper case selection, both traditional and digital treatment planning and surgery, loading protocols and the team approach are keys to clinical success.

**4:00 PM**

## **Straumann® Synergy: A fully digital workflow**

*Speakers: Thomas Sterio, DDS and Brandon Dickerman, CDT*

Collaborate in real-time via DWOS Synergy and deliver immediate custom provisionals for the day of surgery, optimizing soft tissue management in a fully digital and model-free workflow.

## If you want to grow your practice tomorrow – connect with Straumann at AAP Booth #1401

You can reduce chair time & number of patient visits
