

# More than efficiency.

## Cost effective workflow solutions.

According to the American Academy of Implant Dentistry (AAID), there are more than 30 million Americans that are missing all their teeth in one or both jaws.<sup>1</sup> How are you prepared to support these patients and help them smile again?

A Straumann® fixed edentulous restoration replaces missing teeth with a patient-specific, customized bar or bridge attached to dental implants. This solution can be cost-effective, natural-looking, and provides a substantial improvement in function compared to a traditional denture.

Bar	2 – 3 Units	4 – 5 Units
Straumann® CARES® Milled Bar, Removable	\$123	\$123
Straumann® CARES® Fixed Bar, Wrap-Around, Detachable	\$123	\$123
Straumann® CARES® Fixed Screw-Retained Bridge, Detachable	\$123	\$123
Conversion Denture - Price direct, Incl. up to 5 implants*	\$123	
Conversion Denture - Price indirect, incl. up to 5 implants*	\$123	

Pricing includes CARES milled bar and all lab processes.  
\*For > 5 implants, call for details
