

THE BEAUTIFUL NATURE OF DENTAL IMPLANTS

FOR A NATURAL LOOK AND FEEL

The best way to replace a missing tooth is to mimic it as closely as possible. Dental implants are designed to do just that. **Only dental implants replace the entire tooth structure, from root to crown.** Straumann dental implants are backed by rigorous clinical evidence, and are scientifically proven with an excellent 98.8% success rate after five years.* Ask your doctor about the benefits and risks of Straumann dental implants.
